Background: The Francophone Integration Pathway

This guide is intended to be an information resource for front-line staff at Anglophone service providers to be able to more easily refer French-speaking clients to French services in their geographic areas. When inquiring about a client's official language preference, if they are French-speaking, you need to ensure they are aware of Francophone services and communities in Ontario. Integration program officers will be actively monitoring the implementation of the Francophone Integration Pathway (FIP), in accordance with Schedule 4 of the contribution agreement.

The FIP consists of a coordinated and integrated suite of (re)settlement services in French delivered by Francophone organizations that start before a client's arrival in Canada, and continue until citizenship is obtained. A key element in the implementation of the FIP is ensuring that newcomers are consistently aware of and referred to settlement and resettlement services offered by Francophone organizations in French (the principle of "par et pour"). All funded service provider organizations have a responsibility to work together to achieve this objective.

The Pathway is a major component of [IRCC's Policy on Francophone Immigration](#) and requires the engagement and collaboration of the entire settlement and resettlement sectors, as well as Francophone and non-Francophone recipient organizations.

IRCC Funded Francophone Service Provider Organizations (SPO) by Geographic Area in Ontario

If you have no local Francophone stakeholders in your immediate area, you can contact your region's Réseaux en immigration francophone (RIF) for more information on how to connect French-speaking newcomers to local resources.

The list below includes information on all IRCC funded Ontario Francophone SPOs to whom French-speaking clients can be referred. The information is divided into 4 geographic areas: 1) [Southwestern ON](#) 2) [Ottawa and Eastern ON](#) 3) [Greater Toronto Area and Simcoe County](#) 4) [Northern ON](#)

If you wish to develop a partnership with an IRCC-funded Francophone organization, please connect with your Program Officer so they can help facilitate introductions. The RIF for your area is also a valuable resource to connect you with key local Francophone stakeholders.

Indirect Service Providers

IRCC funds three RIFs in Ontario to provide indirect services with a focus on attracting, integrating, and retaining newcomers to Francophone communities. RIFs are responsible for effectively mobilizing and consulting key partners and playing an active role in the Francophone sector and settlement sector as a whole.

To learn more about the 3 Ontario RIFs and their Francophone partners, visit the links below:

1) [Pearson Airport – Centre Francophone du Grand Toronto](#)

The Centre Francophone du Grand Toronto (CFGT) provides services 7 days a week to ALL newcomers at the Pearson airport who arrive in terminals 1 and 3. They have a welcome kiosk where they distribute information to eligible clients, refer eligible clients of all linguistic backgrounds to Francophone and Anglophone settlement organizations and provide them with resources, and connect these clients with settlement organizations according to their city of destination across Canada (outside of Québec).

In particular, for French-speaking clients settling in Ontario, CFGT provides a warm referral to IRCC-funded Francophone settlement service providers in destination cities.

The hours of operation for Terminals 1 and 3 are as follows:

Terminal 1

Monday to Friday: 7:30 a.m. to 10:00 p.m.

Saturday and Sunday: 7:30 a.m. to 4:30 p.m.

Terminal 3

Monday to Friday: 8:30 a.m. to 10:00 p.m.

3) Welcoming Francophone Communities

The [Welcoming Francophone Communities \(WFC\) initiative](#) represents 24 areas across Canada that have been selected to welcome and support French-speaking newcomers in their new community. Funding is provided through the federal [Action Plans for Official Languages](#) and IRCC manages the WFC contribution agreements.

Ontario has 6 Welcoming Francophone Communities. To learn more, click on the links below:

Other Francophone Services in Ontario

Under Ontario's [French Language Services Act](#), there are [designated areas](#) where ministries must provide services in French. Some agencies that provide services on behalf of Ontario ministries also provide these services in French (i.e. hospitals, children's aid societies, community agencies). These agencies have "partial designation".

There are more than [250 designated agencies](#) who provide services in French across Ontario.
